The ergonomic structure supports the passion and vitality of your day, while three leg choices cater for both home leisure and office environment.

With hand sewing as the last process for the hollowed-out part of chair back, Ducky, stitch by stitch, acts as the best interpretation for outstanding craftsmanship.

Fabric Lounger Chair

Wood interprets coziness, metal releases passion, and thin steel composes minimalism. The different materials allow your space to shift among various styles.

The cute duck beak shape of the chair adds a touch of amusement to the office space, and the 3cm ultra-thin cotton provides a high-level of comfort.

The fabric adopts ancient quilting craft with even density and interlaced lining, outlining the stereoscopic aesthetics.

—
The color contrast of backrest brings a strong visual impact for the space, and the four-star polished gilt base makes turning effortlessly.

—
Regular meeting space is dull and limits imagination, while Ducky liberalizes the space and stimulates creativity, helping negotiation, discussion and training carry on easily and smoothly.
