Sunón

When you are happy, you share your great news with every friend seated at teatime.

When you feel lost, you hope to be left alone, lean your head against the sofa, and close eyes to separate yourself from this awful world for a while.

When you are sitting idly, you prefer to lay your hands on the armrest, tapping the surface with your fingers, and thinking of nothing.

When you are waiting, you always check your tie, button up your shirt to the second button, and make sure you have brought out the best in yourself.

When you are pondering, you rub the sofa surface, observe every detail closely, and lost yourself in thoughts, expecting the kick of inspiration.

When you are in discussion, you listen to every opinion carefully, and nod your head when you agree, roll your eyes when you don't.

We change, all for you, for all these small details of you.

Be summer flowers, be sofa lovers.

Quietly Blooming

Nobody ever notices, but flowers always bloom quietly and unintentionally, triggering creative inspiration.

Flower. 2, bionically-designed, is equipped with tall and straight armrests and smooth lines, creating a space for human bodies to relax naturally.

Things that are gentle and warm always let your guard down.

The firm armrests, plump backrests and embracing posture give you a feeling of being hugged.

Mogee, known for its flexibility and variability, has become a social king in furniture world, and could be seen everywhere.

ENERGY

Break for 10 minutes, energy for the whole afternoon.

Snowflake-shaped Mine is made with acoustic PET felt. It is like a dream catcher, waiting for the presence of every single inspiration silently.

The streamlined armrest presents a sculptural form, an artwork that is spirited and approachable.

Sometimes "no disturbing" is the best service.

The half-enwrapped headrest is stereoscopic; it could perfectly fit the curve of your head and spine. No matter what posture you are in, it could protect your body and ease your pressure.

Camira flax imported from the UK is fine as silver sand in texture, and soothing as starry sky in color.

GROWTH

The leaf-shaped Mine has concise lines, and its stretched texture is a symbol of life and growth. Its flexible partition ensures that no one will interrupt your private conversation anymore.

A topic gathers a group.

CLASSIC

The well-arranged pattern of the brand new houndstooth fabric is leading the trend. It is classic, elegant and professional.

Learning to share, a compulsory course in life.

The new type of velvet flax is bicolored. Well-structured in color, easy on eyes, never bore you.

FLEXIBLE

It has no armrest. Simple, natural, flexible and free.

X-form

It is stitched purely by hands in the last procedure. No more coldness and order of machines, stitched in an X-form, exquisite and gentle.

The barstool with concise mental legs and elegant wood legs is unique in style. Be it a casual party or a banquet, it is a perfect choice for treating your guests.

F1

Balance between Dynamic and Static

Flower. 1, small and cute.
Sometimes it stays still, and
sometimes could be flexible.
What a sweet travel companion.

Work happily, because you are home.

Inspired by the color change in petals, which is changing gradually from inside to outside, Flower. 1 is made of bicolored spliced fabric, and thus offers you a brand new visual feast.

The newly-added leather pattern is made of first-class top layer leather with bright luster. Enjoy the luxury experience it gives you. Sit down, and feel the gentle bounce it brings.

F8

Endless Joy

Flower. 8, modularized design,
unconventional splicing, free-matched color,
create a different angle for your next topic.

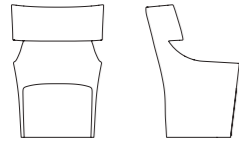

Combined ingeniously, it can be used anytime and anywhere.
Either for a little chitchat, or the afternoon reading, cozy and free.
