## Who does the president have the eyes only for?

Before Ex-president of Paraguay Duarte Frutos resigned, the only thing he took is his favorite, which is a customized gift according the health condition of his backbone, and stayed with him every day. During the 8-hour work she provides the comfort and backbone health witnesses the pains and gainseven reflects dignity and taste.  
Who is he\_Vertu,Understanding.

**Hidden Waist support,  
protect your backbone softly**

According to the ergonomic research and medical analysis, we set waist support between the 3rd and 5th section of backbone, which will release the burden of your body and prevent occupational disease.

**Synchronism tilting auto-adjustable mechanism  
Seat slides following your body tilting.**

Synchronism tilting auto-adjustable mechanism will adjust supporting force according to different weights.

**Chair back design,  
conform to curvature of backbone.**

118, the angle makes people most comfortable  
and most free, provides 8-hour health care.

**Smoothly up and down,  
freely chair height adjusting.**

Powder coated gas lift with steel material  
inside, reduces the friction, and freely  
locates your chair at comfortable height.

### Mesh Collection

Sunon Chair Research and Development Department make a deep research for staff's daily work manner, they repositioning for work and life balance, the light and ventilation mesh provide users whole day comfort experience by outstanding human engineering design, Vertu chair can meet people different postures demand when they work for the whole day, people can feel human engineering comfort experience by simple control, also this personalized chairs own various color match as options.

**Smoothly up and down,  
freely chair height adjusting.**

Powder coated gas lift with steel material inside, reduces the friction, and freely locates your chair at comfortable height.

**Smoothly up and down,  
freely chair height adjusting.**

Powder coated gas lift with steel material inside, reduces the friction, and freely locates your chair at comfortable height.

**PU up-and-down armrest**

According to the ergonomic research, the armrest can go up and down, and rotate, which will assist to support your weight and reduce the pressure to your waist.

**Seat Cushion**

Will disperse and release your weight pressure to vein in legs.

**Advanced mesh**

With 3D-mesh-tighten technique, curved chairback perfectly fits for your back, and is more durable.
